

SMC KY Series Turn-Lock All-Resin Fitting – Secure & Leak-Free Connection

Why Choose KY Series?

- ✓ Turn-Lock Mechanism – Prevents leakage caused by insufficient tube insertion.
- ✓ Reliable & Secure – Ensures firm tube connection with clear grip visibility.
- ✓ Grease-Free Design – Ideal for clean environments.
- ✓ Versatile Compatibility – Suitable for air, nitrogen, water, pure water and other selected chemicals' applications.
- ✓ Wide Temperature Range – Operates efficiently from 0 to 80°C.
- ✓ All-Resin Construction – 100% non-metal (except rubber), ensuring corrosion resistance.

Upgrade to SMC KY Series for a Safer, More Reliable Connection!
